New Product Announcement

Introducing the new Sargent And Greenleaf® Audit Lock. This commercial audit lock offers a 400 event full time/date audit trail, up to 30 users, and three operational modes: Dual control, Manager/Employee and Multiple User.

Product Description

The S&G Audit lock is a time delay, audit trail lock targeted to commercial customers in retail, banking and other industries. The Audit trail lock offers up to 30 users, three operational modes (Dual control, Manager Employee, Multiple User), and a 400 event full time/date audit trail. It is available in both BPI (Bolt Position Indicator) and non-BPI models.

Other features include time delay (1-99 minutes) and an easy to use Audit Software package (purchased separately) which includes software, key, key reader and operating instructions.
